## Connect through Committees

This month, we're continuing our 2026 theme of "We Connect." One of the best ways to get connected is by joining a Chamber committee! Committees are where the real work happens, where members shape our programming, support our community, and build meaningful relationships with

fellow leaders.

Here's the truth: it's not just me out here doing everything (though I certainly try!). Our committees drive the Chamber toward shared goals and create real impact in our community. Whether you're planning our biggest events, enhancing member services, amplifying our social media presence, ensuring fiscal responsibility, or engaging the next generation of professionals, committee work gives you the opportunity to influence and support our wider community.

Inside this newsletter you'll read more about our five committees and how they foster the Chamber's values. Once your interest is piqued, please reach out to me or one of the committee chairs! They'll share with you how committee work connects you to passionate members, develops leadership skills, provides behind-the-scenes insight, and directly supports businesses and people in Winchester-Clark County.

Get ready to connect and make a real difference. Let's build this community together!

- Cindy Banks, Executive Director

The Winchester-Clark County Chamber of Commerce serves as an advocate for our members to promote and enhance our community through business, social, cultural and educational programs.

# WE CONNECT!

## Join a Chamber Committee!

Our 2026 theme says it all: We Connect. And nowhere is that connection more powerful than in our committees, where members from different industries, backgrounds, and experience levels come together to build something bigger than themselves. Committee work isn't just about completing tasks—it's about the relationships you build, the perspectives you gain, and the people you meet who you might never cross paths with otherwise.

## SPECIAL EVENTS

**Chair: Chelsea Reese**

This is where the magic happens! Special Events plans our Annual Banquet, Golf Scramble, and exciting new programs like Women in Business. These are the most visible folks in our Chamber—the ones who breathe life into our network by creating the moments where connections flourish. Whether you're a detail-oriented planner or a big-picture thinker, you'll work alongside members from all walks of business life to create experiences that bring our entire community together.

## MEMBER SERVICES

**Chair: Alyshia Martin**

There's something special about watching new connections form. This committee connects seasoned business owners with fresh entrepreneurs, pairing enthusiasm for supporting local with the wisdom of experience. You'll work with people who remember what it was like to be new in town or new in business, and together you'll create that "welcome home" feeling for our newest members. It's mentorship, hospitality, and community-building all rolled into one.

## FINANCIAL

**Chair: Tim Duncan**

Transparency builds trust, and trust builds community. This committee brings together members with financial expertise and those who want to understand the business side of running a chamber. You'll review the Chamber's finances with a fine-tooth comb, ensuring accountability while gaining valuable insight into nonprofit management. It's a unique opportunity to connect with detail-oriented professionals who care deeply about fiscal responsibility and the Chamber's long-term sustainability.

## SOCIAL MEDIA

**Chair: Josh Wood**

Here's where different generations and skill sets come together to figure out what makes our community tick—and yes, (maybe) TikTok! Tech-savvy members collaborate with traditional business owners to amplify our members' voices online. It's a learning process for everyone, and that's what makes it exciting. You'll connect with people outside your usual network while discovering how to showcase the incredible diversity of Winchester-Clark County businesses in the digital age.

## YOUNG PROFESSIONALS

**Chair: Jake Vaughn**

We're revitalizing this committee to create the ultimate intergenerational connection! Young entrepreneurs (ages 17-40ish) will connect with experienced mentors, peers navigating similar challenges, and community leaders invested in the next generation's success. This isn't just networking—it's building the bridges between where you are now and where you were or want to be.

## Connect Beyond Your Usual Circle

Committee work brings you face-to-face with Chamber members you might never meet at your typical networking event. The event planner connects with the banker. The social media guru learns from the seasoned entrepreneur. The young professional finds a mentor. The established business owner discovers fresh perspectives. That's the power of We Connect.

Contact Cindy at (859) 744-6420 or [CindyBanks@WinchesterKYChamber.com](mailto:CindyBanks@WinchesterKYChamber.com), or reach out directly to any committee chair. Let's make 2026 the year you connect with the people who will change your business—and maybe even your life.
