WE COULDN'T DO IT WITHOUT YOU!

FROM THE DIRECTOR

As we reflect on 2025, the Chamber continues to grow, strengthen, and serve as a steady force for our community and beyond. Thanks to our fabulous members, partners, and volunteers, we've watched Clark County grow and strengthen.

Working closely with our office partners in Tourism and Economic Development, we've helped attract exciting new businesses, support existing ones, and create fresh opportunities. From welcoming small businesses like Avalon Farm to large chains like Jersey Mike's, to celebrating milestone anniversaries like Community First Insurance's 10 years—it's all evidence of the continued growth and diversity of Clark County's business landscape.

Our Leadership Winchester program launched its largest class ever with 31 participants. We traveled to France together, creating lasting friendships and business connections. And we were so proud to see Jill Hamlin receive the THRAC Championship Award and Brad Sowden honored as KAED's Community Professional of the Year—recognition that shows the caliber of leadership Winchester-Clark County attracts!

Looking ahead, 2026 will ignite our theme: GET CONNECTED! The Chamber exists to create a strong network where businesses and individuals can connect, communicate, and grow together. We're launching new committees, re-energizing our Young Professionals group, and ensuring every member feels confident sharing their story.

Together, we will continue to move Winchester forward—CONNECTED, engaged, and thriving.

With gratitude and excitement for what's ahead,

Cindy Banks

YEAR IN REVIEW

THE POWER OF CONNECTION

In 2025, we proved time and again that there's no substitute for face-to-face connection. Through our monthly Chamber Breakfasts, engaging Lunch & Learns, and lively After Hours gatherings, Winchester-Clark County's business community came together to do what matters most—talk business, share knowledge, and build genuine relationships.

These events took us to different locations all across Clark County, giving members the chance to discover new spaces, learn what fellow businesses offer, and understand the diverse industries that make our community thrive. Whether you were exploring a member's newly renovated building at breakfast, learning about Artificial Intelligence at a Lunch & Learn, or catching up on the latest at an After Hours, each gathering created opportunities to connect with the people behind the businesses. And who knows—you might have even walked away as a door prize winner!

When we come together, we're not just growing our individual networks—we're strengthening the fabric of Winchester-Clark County's business community.

Thank you to every member who opened their doors to host, every attendee who showed up to connect, and every conversation that turned into collaboration. Here's to the moments that brought us together.

RIBBON CUTTINGS

This year brought us 23 ribbon cuttings that celebrated our community success. They didn't just welcome brand-new businesses, but honored new ownership transitions, milestone anniversaries, and special unveilings. Looking at them all together, we can see our Chamber's diversity—small businesses, retail, B2B services, medical practices, and industry all cut the ribbon! Among the year's most memorable moments were the unveiling of the Clark County Preschool building and the dedication of the WWII and Korean Veterans Memorial, proving that our community celebrates both commerce and the values that unite us.

OUTREACH & ADVOCACY

The Chamber extended our impact beyond business networking to support the wider Winchester-Clark County community. We organized the **GRC Career & Trade Show**, connecting students with local career opportunities, and supported **Clark County Public Schools** through various initiatives including the Homecoming Windows and Door Decoration Contest. Through the **Legislators & Leaders: Building Bridges Breakfast**, we brought together legislators and leaders for important conversations. We also had the honor of hosting **Leadership Central Kentucky**, welcoming regional leaders to experience our community. Executive Director Cindy Banks, Chamber President Tim Duncan, and Mornings on Main Host Ed Burtner took to the airwaves on **WWKY radio** to share Chamber updates and connect with the broader community. These efforts reflect our belief that a thriving business community means investing in the people and connections that make Winchester-Clark County home.

PROFESSIONAL DEVELOPMENT

In 2025, Executive Director Cindy Banks invested in strengthening her leadership skills to better serve our Chamber community. She joined 23 other local chamber professionals representing 15 chambers from across Kentucky at **KCCE Boot Camp**, where the group learned about managing chamber operations and finances, sharing policy and advocacy best practices, membership engagement, board member onboarding, and more. Cindy also traveled to Philadelphia for the **National Executive Directors Conference**, connecting with chamber leaders from across the country to share insights and bring innovative approaches back to Winchester-Clark County. (Shout out to President Tim Duncan for taxi service to the airport!) This commitment to continuous learning ensures our Chamber stays at the forefront of serving our members and advancing our community's business interests.

Add your events to the Chamber Website

Adding your events to the Chamber's Event Calendar can help with SEO (Search Engine Optimization)

Backlinks: When you list your event on the Chamber's website, it often includes a link back to your own site. These backlinks from a reputable local organization can improve your website's authority and ranking on search engines.

Local SEO Boost: The Chamber's website is likely well-optimized for local searches. By associating your event with the Chamber's site, your event may rank higher in local search results, particularly for people searching for events or activities in your area.

Keyword Relevance: The event listing can include relevant keywords that help search engines understand what your event and business are about. This can improve the likelihood that your event appears in searches related to those topics.

Citations: Local citations (mentions of your business name, address, and phone number on other websites) are important for local SEO. When your event is listed on the Chamber's website with your business information, it helps reinforce these citations, which can boost your visibility in local searches.

Overall, listing your event on the Chamber's Event Calendar not only increases your event's visibility to the local community but also supports your broader SEO strategy, helping more people find your business online.
